

We looked for a way to increase C-store snack and food sales. And came out on top.

RockTops™ trays are excellent for carrying food items that will be consumed on-the-go!

RockTops™ are vessels that easily secure to the top of fountain drinking cups. They fit around the straw and on top of the lid. It is perfect single-serve packaging for snacks like hot dogs, nachos, chips, candy and even sunflower seeds.

RockTops™ makes pre-packaged snacks and food manageable while on-the-go.

Store operators are looking for ways to increase same store sales.

By enabling customers to place a snack product on virtually every fountain drink, RockTops™ is driving higher per transaction revenue on snack and drink sales for operators.

RockTops™ fit on any size cup and lid from 12 oz. to 44 oz.

RockTops™ uses FDA Approved recycled material whenever possible.

More hands, more food, more fun!
